## **SAMPLE SUBMISSION PROCEDURES**

**for**

### **Midge Tolerant Wheat Refuge Verification**

***Please submit one sample for each Midge Tolerant Wheat field or CSGA Crop Sequence Number.***

1. Complete all sections of the Sample Submission Form. Forms are available from the Canadian Seed Growers' Association (CSGA), Seed Distributors, or online at [www.seedtesting.com](http://www.seedtesting.com)
2. Label a large paper envelope with the Grower's name and seed sample identification (i.e., Registered Seed Establishment number, CSGA Crop Sequence or Field number).
3. Include 500 grams (approximately 1 lb) of the seed to be tested in a labeled paper envelope. **DO NOT USE PLASTIC BAGS.** The seeds being submitted for testing should **not** have been treated.
4. Enclose the completed Sample Submission form inside the envelope containing the seed sample. Seal the envelope.
5. Address a shipping envelope to the following:  
  
Discovery Seed Labs  
450 Melville Street  
Saskatoon, Saskatchewan S7J 4M2
6. Insert the envelope containing the seeds and the sample submission form inside the shipping envelope. It is important to have two separate envelopes to ensure that seeds are not lost or mixed during transit.

Please do not submit CSGA's Refuge Declaration Form 182 with samples.

**Confidentiality & Consent**

All client information is held in the strictest of confidence. Results will not be given to anyone else unless specifically instructed to do so.

However in support of members of the agricultural community that are making an effort to extend the life of the wheat midge tolerant trait we have been asked to provide the results of this test to the following:

- 1) The Grower
- 2) The Canadian Seed Growers Association
- 3) The Seed Distributor
